The pensioners of the old bank, who, after betraying and murdering their master and benefactor, have pined away to skin and bone, cannot stand it any longer. Twelve years fast is long enough. It was the father of our present Secretary of the Treasury who was President of the Schuylkill Bank when it broke down; it was Mr. Meredith's collector at Philadelphia who broke up with the Girard concern; it was this last appointment, and others like it, that contributed to the late whig defeat in that city. But still this does not prevent the conspiracy. We may expect all these men, and all those who fattened on the old bank-all who were bought or sold, whether for five, ten, or twenty thousand, or for \$52,-765 371-to go for the new scheme. Mr. Clingman only lifts the curtain. The scene shifters are behind. The treasury is an old cow, whose milk is too rich to be lost. The scheme of Mr. Clingman is but the first movement. Pass it, and a bank comes next in order. Somehow or other the stock-jobbing brotherhood must get into the treasury. Let us have, then, the bill of Buncombe. Then the purlieus of Wall street will become the valleys of the Sacramento and San Joaquin; the very sidewalks will be richer in gold than the mines of the desert; bank paper will increase by millions; everything will go up, up, until the explosion, when a bankrupt law will wind up the concern .- N. THE HAPPY FARMER. His home's a cot embowered in trees, A garden filled with fruit and flowers, Where singing birds and humming bees Make gay the smiling hours. A range of meadows green and fair,

And fields which well repay his care.

With joy he greets the rising sun, And gladly hastens to his toil: In fancy sees the harvest won, As covering with the mellow soil The tiny wheat, which yet will bring A glorious autumn offering.

The golden hours, how quick they fly ! The happy day, how soon 'tis fled! Then onward doth the farmer hie, And finds a table neatly spread With many a dainty which the field And garden plot so richly yield.

The evening too is fraught with joy, For lov'd ones cluster round him there; He tastes a bliss without alloy,

Which e'en a king might sigh to share: Then seeks his couch and finds repose, Which only he who toileth knows.

SANDS' SARSAPARILIES
IN QUART BOTTLES
IN QUART BOTTLES
FOR PUTITION OF BLOOD

In this preparation are strongly concentrated all the Medicinal properties of Sarsaparilla, combined with the most effectual

aids, the most salutary productions, the most potent simples of the vegetable kingdom; and it has been so fully

tested, not only by patients themselves, but also by Physicians, that it has received their unqualified recommendations and the appro-

bation of the public; and has established on its own merits a reputation for VALUE and Efficacy far superior to the various compounds bearing the name of Sarsaparilla. Diseases have been cured, such as are not furnished in the records of time past; and what it has already done for the thousands who have used it, it is

capable of doing for the millions still suffering and struggling with disease. It puri-fies, cleanses, and strengthens the fountain springs of life, and infuses new vigor

The diseases for which this article is recommended are those to which it is known

from personal experience to be adapted; and those apparently removed beyond the sphere of its action have yielded to its influence. The catalogue of complaints might be greatly extended to which the Sarsaparilia is adapted, but experience proves its

I must say, gentlemen, when I commenced using the Sarsaparilla I did not place much confidence in its virtues; and this will not surprise you, when

you are informed I had tried more than fifty different remedies during the past four years, without any success; but after taking your Sarsaparilla a few weeks I was obliged at last to yield to evidence. This marvellous specific has not only relieved,

but cured me; and I therefore think it my duty, gentlemen, for the benefit of suffering humanity, to give you this attestation of my cure. Yours very truly.

CANCEROUS ULCER PERMANENTLY CURED.

LET THE FACTS SPEAK FOR THEMSELVES .- The following striking, and, as will be

seen, permanent cure of an inveterate CANCER, is only another link in the great chain of testimony to its merits. Let the afflicted real and be convinced. What it has

Messrs. A. B. & D. Sands:-Gentlemen-In the year 1842 I was attacked with a

cancer in my neck, which soon extended its ravages over the side of my face, eating

the flesh, and leaving the cords of my neck bare, discharging very freely, causing intense pain and suffering, depriving me of rest at night and coinfort by day, destroying my appetite, and reducing me almost to the gates of death. I was attended by the

first physicians in the state, who prescribed for me, and did all that skill and talent could effect, but during all the time I continued to grow worse under their care. In the Spring of 1844 I chanced to hear of the cures performed by your Sarsapariia, and determined to try it. I had not used over two bottles before I felt its effects on my

system most sensibly. My appetite was soon restored, my strength was increasing the discharge from the cancer decreased, and I soon began to perceive that the flesh

was healing. I continued its use according to directions, and also continued to grow better and better from day to day, until I have been fully and wholly cured by its use. It is now two years since I was cured, and I have remained perfectly well up to this

day. I have delayed giving you this certificate, that I might ascertain whether the disease would reappear; but I am happy and most thankful to again repeat that the cure is a perfect one, and effected wholly by the use of your Sarsaparilla. The scars

cure is a perfect one, and enected wholly by the use of your Sarsaparilla. The scars still remain; and all who know me, and many of the citizens of Stainford, can testify to the severity of my case and my sufferings, and the health-restoring power of your Sarsaparilla. I can with unhesitating confidence recommend its use to every sufferer afflicted with similar complaints. After experiencing what I have from its effects, I can say to one and all, "Hesitate and doubt no longer, but secure to yourselves the health-giving virtue this medicine can alone bestow."

health-giving virtue this medicine can alone bestow."

Most gratefully I am, and shall always remain, your friend, ISAAC STEVENS.

TESTIMONY FROM EUROPE.

Messrs. A. B. & D. Sands:—Gentlemen—Having seen your Sarsaparilla used in this city with great effect in a severe case of Schoyula, I have been requested to order three dozen bottles, which please send, on the payment of the enclosed draft on Messrs. Henschen & Unkhart, with the least possible delay. I am inspired only by a feeling of philanthropy, in begging you to publish this unasked testimony to the value of a medicine which, widely as it is known, is not known as it ought to be.

"I am, Gentlemen, respectfully yours, &c. THEODORE S. FAY.

CAUTION EXTRA

A man by the name of CLAPP has engaged with a young man of the name of S. P. Townsend, and uses his name to put up a Sarsaparilla, which they call Dr. Towndeceived, and purchase none but the GENUINE ORIGI WAL OLD Dr. Jacob Townsend's Sarsaparilla, having on It the Old Dr's. likeness, his family coat of arms, and his signature across the coat of arms.

THE ORIGINAL DISCOVERER OF THE Genuine Townsend Sarsaparilla. Old Dr. Townsend is now about 70 years of age, and has long been known as the AUTHOR and DISCOVERER the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, pro-

ALSO, a tract of 25 acres, near the Mineral GRAND AND UNEQUALIED PREPARATION as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better: because it is prepared on scientific principles by a scientific man. The highest knowlbe paid at the sale, the balance to be secured by good bonds, and paid at the end of one, two, and three years.

AT the same time and place with the above will also be sold, on a credit of six months, all the personal property except the slaves have all the principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the Old Dr's Sarsaparilla. The Sarsaparilla root, it is well known to medical men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparities to the system. Some of the properties of Sarsaparilla are so volatile, that they entirely evaporate and are lost in the preparation. they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process, known only

Any person can boil or stew the root till they get a dark solored liquid, which is more from the coloring matter in the root than from any thing else; they can then strain this Insipid or vapid figuid, sweeten with sour molasses, and then call it "SARSAPARILLA EXTRACT or SY-GENUINE OLD DR. JACOB TOWNSEND'S

SARSAPARILLA. This is so prepared, that all the inert properties of the Sarsaparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected;

side in its favor by men, women, and children. We find it doing wonders in the cure of CONSUMPTION, DYSPEPSIA, and LIVER COM-PLAINT, and in RHEUMATISM, SCROFULA, PILES, COSTIVENESS, all CUTANEOUS ERUP-TICNS, PIMPLES, BLOCTHES, and all affections arising from IMPURITY OF THE BLOOD. It possesses a marvellous efficacy in all complaints arising from Indigestion, from Acidity of the Stomach, from unequal

circulation, determination of blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flashes

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of FEMALE COMPLAINTS. It works wonders in cases of Fluor Albus or Whites, Falling of the Womb, Obstructed, Suppressed, or Painful Menses, Irregularity of the monstruct Irregularity of the menstrual periods, and the like; and is as effectual in curing all the forms of Kidney Diseases,

By removing obstructions, and regulating the general system, it gives tone and strength to the whole body, and Nervous diseases and debility, Swooning, Epileptic Fits, Convulsions, &c.
It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, equalises the circulation of the blood producing gentle warmth equally all over the body, and the insensible perspiration; relaxes all strictures and tight-

ness, removes all obstructions, and invigorates the entre nervous system. Is not this then S. P. Poller, at any time, and will be delivered The medicine you pre-eminently need? But can any of these things be said of S. P. Townsend's inferior article? This young man's liquid is not to be COMPARED WITH THE OLD DR'S,

because of one GRAND FACT, that the one is INCAPA BLE of DETERIORATION, and NEVER SPOILS, while the other DOES; souring, fermenting, and blewing the bottles containing it into fragments; the sour, acid liquid exploding, and damaging other goods! Must not this horrible compound he poisonous to the system? - What? put acid into a system already diseased with acid! What causes Dyspepsia but acid? Do we not all know that when food sours in our stomachs, what mischiefs it produces? flatu lence, heartburn, palpitation of the heart, liver complaint consisting in part of Dry Goods, Family Groceries, Hardware, Cutlery, Wood and Willow Ware, &c., as follows — Willow Skin, Scald Head, Salt Rheum, Erysipelas, White Swell ings, Fever Sores, and all ulcerations internal and external It is nothing under heaven, but an acid substance, which sours, and thus spoils all the fluids of the body, more or less. What causes Rhenmatism but a sour or acid fluid which insinuates itself between the joints and elsewhere, irritating and inflaming the delicate tissues upon which if acts? So of nervous diseases, of impurity of the blood, or deranged circulations, and nearly all the allments which

afflict human nature.

Now is it not horribic to make and sell, and infinitely SOURING, FERMENTING, ACID "COM-POUND" OF S. P. TOWNSEND, and yet he would fain have it understood that Old Dr. Jacob Fownsend's Genuine Original Sarsaparilla, is an iMITA-I'ION of his inferior preparation!!

Heaven forbid that we should deal in an article which

would bear the most distant resemblance to S. P. Town-send's article! and which should bring down upon the Old Or, such a mountain load of complaints and criminations from Agents who have sold, and purchasers who have used S. P. Townsend's FERMENTING COMPOUND. We wish it understood, because it is the absolute truth, that S. P. Townsend's article and Old Dr. Jacob Town-send's Sarsaparilla are heaven-wide apart, and infinitely dissimilar; that they are unlike in every particular, having not one single thing in common. As S. P. Townsend is no doctor, and never was, is 27 chemist, no pharmaceutist-knows no more of medicine of

disease than any other common, unscientific, unprofessional man, what guarantee can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are in capable of changes which might render them the AGENTS of Disease instead of health. But what else should be expected from one who knows nothing comparatively of medicine or disease! It require a person of some experience to cook and serve up even a common decent meal. How much more important is in that the persons who manufacture medicine, designed for WEAK STOMACHS AND ENFEEBLED SYSPEMS,

should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to these diseases!
It is to arrest frauds upon the unfortunate, to pour balm into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom, and vigor into the crushed and broken, and to banish infirmity that OLD DR. JACOB TOWNSEND has SOUGHT and FOUND the op-

portunity and means to bring his

Grand Universal Concentrated Remedy within the reach, and to the knowledge of all who and it, that they may learn and know, by joyful experience, its Transcendent Power to Heal. DR. JACOB TOWNSEND. With rheumatism, and continued, under various prescriptions, to grow worse for at least two months. I became entirely helpless, incapable of feeding myself, or turning in bed, or helping myself any way. In this state I continued until January, 1848, when I began to mend a little and improve gradually till the 1st May. This amendment was only so far as to be able to feed myself, though still incapaprove gradually till the 1st May. This amendment war only so far as to be able to feed myself, though still incapable of getting in or out of bed, or even turning in bed. I remained in this condition, with little or no change, until fairly despaired of getting about again this season. On the 21st July, I was induced to try your Sarsaparilla; on the 24th, three days after taking the first dose, I AROSE IN BED, which I had not done before in ten months, and in less than a work. I less than a week, I WALKED ACROSS THE ROOM

with the aid of crutches. Since then, I have walked in the street: have gone alone from 36 Spruce-street to the Park thence to Lovejoy's Hotel and back. I have been to 85 Nassau-street two different times, and am now frequently visiting my neighbors. During all this time, I have taken but two bottles of Old Dr. Townsind's Sarsaparilla, Oct. 4. I procured another bottle to-day (5th Oct.) I walked twice across the floor without the aid of cratches. I have also nearly recovered from obstruction of water, which gave me great distress. The pain in my back has likewise left me. I and my family have no earthly reason to ascribe my recovery to any other cause but to OLD DR. JACOB TOWNSEAD'S SARSAPARILLA. ALEX. WELSH, 36 Spruce-st.
